

# Building Hope for Tomorrow

Strengthening families and  
leading communities

**ANNUAL REPORT**

*Fiscal Year 2017*

  
**Children's Trust**  
OF SOUTH CAROLINA

# Our Impact

We are solving the problem of child abuse and neglect before trauma occurs. This brings about lasting positive change for our children and makes prevention a wise investment.

92%

of new mothers in our home visiting programs were screened for post-partum depression

> 85%

of our Positive Parenting Programs - Triple P parents report that they know how to better handle difficulties with their children

97%

on our Prevent Child Abuse America rechartering score, rating us as one of the highest chapters in the country

100%

of our Strengthening Families Programs meet or exceed fidelity standards due to ongoing Children's Trust coaching and technical assistance

3 POLICY VICTORIES

Earned Income Tax Credit, child passenger safety, and expanding the list of who can sign the driver's license application of an unemancipated minor

39%

reduction over prior year in emergency department visits for children served by home visiting

EXPANDING ACROSS

# South Carolina

When we invest in South Carolina's communities, we create long-term sustainability and impact in preventing child abuse, neglect and injuries.

## South Carolina Adverse Childhood Experiences (ACE) Initiative

This statewide initiative helps children and families overcome the effects of traumatic experiences, prevent poor health outcomes and promote well-being later in life. We launched the pilot Pee Dee Resiliency Project with partners in eight elementary schools in Florence, Darlington and Marion Counties and hosted more than 300 child-serving professionals at the 2016 ACE Summit. The funding for this project is provided by the BlueCross® BlueShield® of South Carolina Foundation, an independent licensee of the Blue Cross and Blue Shield Association.

## Strengthening Families Program (SFP) expansion

Implementation began in South Carolina with four partners in 2014 and has now expanded to include 20 partners offering the program in 23 counties. SFP works closely with families through a two-generation approach to teach effective parenting techniques and positive discipline to reduce problem behaviors. Program facilitators also help children develop skills needed for success in school and life. Children's Trust continues to successfully expand SFP with financial support from The Duke Endowment and South Carolina Department of Social Services.

## Increasing the availability of car seat technicians

As home to Safe Kids South Carolina, we train new volunteer child passenger safety technicians to ensure car seats are correctly installed and that more communities have fitting stations staffed by certified technicians. There are now nearly 1,200 technicians working in our state to keep children safe in motor vehicles.

# Our Realities

South Carolina's children face challenges at every turn, and we know there is much work to do. We also know prevention innovation and collaboration can lead to better outcomes.

**17,662**

children in founded cases  
of abuse and neglect

**62%**

South Carolina adults  
reported at least one adverse  
experience as a child

**39**

South Carolina's national  
ranking in child well-being

**\$1B**

cost of child abuse to South  
Carolina taxpayers every year in  
direct and indirect expenses

# Our Solutions

We make investments in proven initiatives to prevent child abuse, neglect and injuries.

---

## Investing in communities

We partner with local agencies to deliver proven prevention programs, and together we deliver results.

**45** funded organizations  
**100%** of all counties served through Children's Trust programs

---

## Training

Professionals and community members learn strategies to keep kids safe and families strong.

**167** trainings  
**5,500** people learned how community prevention can prevent child abuse, neglect and injuries

---

## Community-based prevention

Parents learn positive parenting practices, how to stay resilient in tough times and what children need to grow strong and secure.

**8,464** parents, caregivers and children served

---

## Awareness

Raising awareness is a critical first step in bringing real social change.

**98** messaging partners for Child Abuse Prevention Month  
**175** state policy makers and legislators used KIDS COUNT data and reports

---

*Family portraits were given as gifts during the Strengthening Families Program graduation at Thornwell Home for Children.*

“

*(Children's Trust) is the gold standard for participatory research and for providing evidence-based practice for at-risk populations.*
